

ENVIRONMENTAL POLICY

With the goal of advancing green building principles that help protect the environment and foster sustainability in U.A.E, we at Emirates Green Building Council are committed to a policy of continual improvement in performance of our Environmental Management System for our services in actively supporting U.A.E to be one of the global leaders in the reduction of the built environment's ecological footprint.

This is achieved by:

- Identifying the aspects and related impacts, and implementing mitigation action(s) thereby preventing any Accidents/Incidents, Environmental Pollution resulting from the organization's activity.
- Complying with the legal and other requirements to improve the effectiveness of the Environmental Management System

All employees are responsible for implementing and maintaining the above in our organization with a commitment to Environmental Management System.

The policy shall be effectively communicated to all our employees, interested parties and made available to the visitors.

Saeed Al Abbar
Chairman
