

Application Guidelines

Award 2: Green Building Project of the Year

Definition

Award 2 rewards a completed building (Hotel, Commercial, Residential, School, Healthcare Building, Public Building, etc) in the MENA region whose construction and completion has respected the highest sustainability standards and included innovation in design and processes.

Eligibility

Includes all respective buildings that have been completed in 2021 or thereafter and operational for at least 12 months in the MENA region and before the official Awards deadline, showing excellence in terms of design, construction site management, waste and green standards. Designs and “in progress” projects will not be accepted. Submissions from any key stakeholder involved in the project (designer, architect, contractor, owner) and joint-submissions are allowed.

Mandatory Submission:

- Filled online application form
- One (1) annex document: technical documentation to illustrate the information provided.

Application Questions:

1. Please describe your project. Please highlight your achievements during the past 12 months. (400 words max)
2. How is your project contributing to sustainability (socially, economically, and environmentally) on the local and regional level? Please highlight relevant practices that contribute to the advancement of the green building industry. (400 words max)

Pointers include:

- *Green standards*
 - *Products & materials*
 - *Construction*
 - *Design & Operation*
 - *Innovation*
3. Why should your project win the award for the category selected? (400 words max)
