

Application Guidelines

Award 4: Healthy Spaces Project of the Year

Definition

Award 4 rewards the best healthy space project in the MENA region

Eligibility

A completed building or fit-out in the MENA region finalized in 2022 or thereafter, and operational for at least 12 months, whose design, construction and completion prioritizes occupant health and well-being and has respected the highest well-being standards and includes innovation and creativity with respect to its occupants and the surrounding environment. Designs and “in progress” projects will not be accepted. Submissions from any key stakeholder involved in the project (designer, architect, contractor, owner) and joint-submissions are allowed.

Mandatory Submission:

- Filled online application form, with answers relevant to the application questions.
- One (1) annex document: technical documentation to illustrate the information provided. Kindly note that the supporting document cannot exceed 10 pages in length.

Application Questions:

1. Please describe your project and highlight the relevant achievements as per the application time frame (2022 and thereafter). (400 words max)
2. How is your project contributing to sustainability (socially, economically, and environmentally) on the local and regional level? Please highlight relevant practices that contribute to the advancement of the green building industry. (400 words max)

Pointers include:

- *Health and Wellbeing Building standards*
 - *Products and materials*
 - *Design Process.*
 - *Occupant Communications*
 - *Innovation*
3. Why should your project/company/product win the award for the category selected? (400 words max)
