ABOUT 14TH ANNUAL CONGRESS

The EmiratesGBC Annual Congress is the UAE's premier platform for advancing sustainable development and green building practices, bringing together industry leaders, policymakers, and experts to exchange knowledge, showcase innovations, and drive collective action toward a sustainable future.

14TH ANNUAL CONGRESS TITLE - MISSION TO 1.5C: BE BOLD ON BUILDINGS

OBJECTIVE

In recognition of the urgency of the climate crisis and in line with the release of the UAE Third Nationally Determined Contribution (NDC 3.0) in November 2024 and the Global Green Building Council network calls on governments to be bold on buildings at COP29, the congress will bring together regulators, industry and academia to explore and discuss how to accelerate actions towards achieving the 1.5oC.

PURPOSE

Currently, the building and construction sector is not on track to halve emissions by 2030 or reach net zero by 2050. However, the sector holds immense potential for climate action, offering over 40% of the solutions needed to double energy intensity improvements by 2030. In the UAE, emissions for the buildings sector are set to reduce by 79% to 15 MtCO2e by 2035.

17+ Industries

50+ Speakers 60+ Organizations

TESTIMONIAL

At Egis, sustainability is at the core of our mission 'Impact the future', and our collaboration with EmiratesGBC has been instrumental in driving meaningful progress toward a more sustainable built environment in the UAE. Since becoming an industry partner and sponsor for the Annual Congress in 2023, we have greatly valued from the platform EmiratesGBC provides for knowledge exchange, collaboration, and advocacy. The Annual Congress and other initiatives have allowed us to engage with industry members, contribute to key sustainability discussions, and support impactful programs that align with our vision for a resilient and sustainable future. We're proud to be part of this journey with EmiratesGBC and look forward to continuing our partnership going ahead.
